

# SiTA Background

- In conjunction with the inaugural Industrial Transformation ASIA-PACIFIC, a HANNOVER MESSE event, ASTech formed a new strategic alliance, Smart i4.0 Transformation Alliance (SiTA) with 14 companies on 16<sup>th</sup> Oct' 18 with the support from Enterprise Singapore (ESG) and Singapore Precision Engineering Technology Association (SPETA). It has now grown to 21 companies.
- This alliance will be a big step forward to foster collaboration between Singapore and international companies.

# SiTA Members Profile

- **SiTA** consists of **21** Alliance Members.
  - **9** are from **Singapore Company**
  - **12** are from **International Company**
- **SiTA Key persons**
  - **Chairman** – Mr. Mun Kok Woh  
Founder & Managing Director, ASTech Pte Ltd  
Deputy Chairman, Smart Automation Industry Group (SAIG), SMF  
Council Member, SPETA
  - **Deputy Chairman** – Mr. Sascha Graef, MPDV Asia Pte Ltd  
Director Asia, MPDV Group
  - **Treasurer** – Mr. Jasper Goh YJ, Asterisk Computer (FE) Pte Ltd  
Senior Consultant Business Intelligence
  - **Secretary** – Mr. Woon Wee Chun, Julian Grey Group Pte Ltd  
Vice President

# SiTA Vision

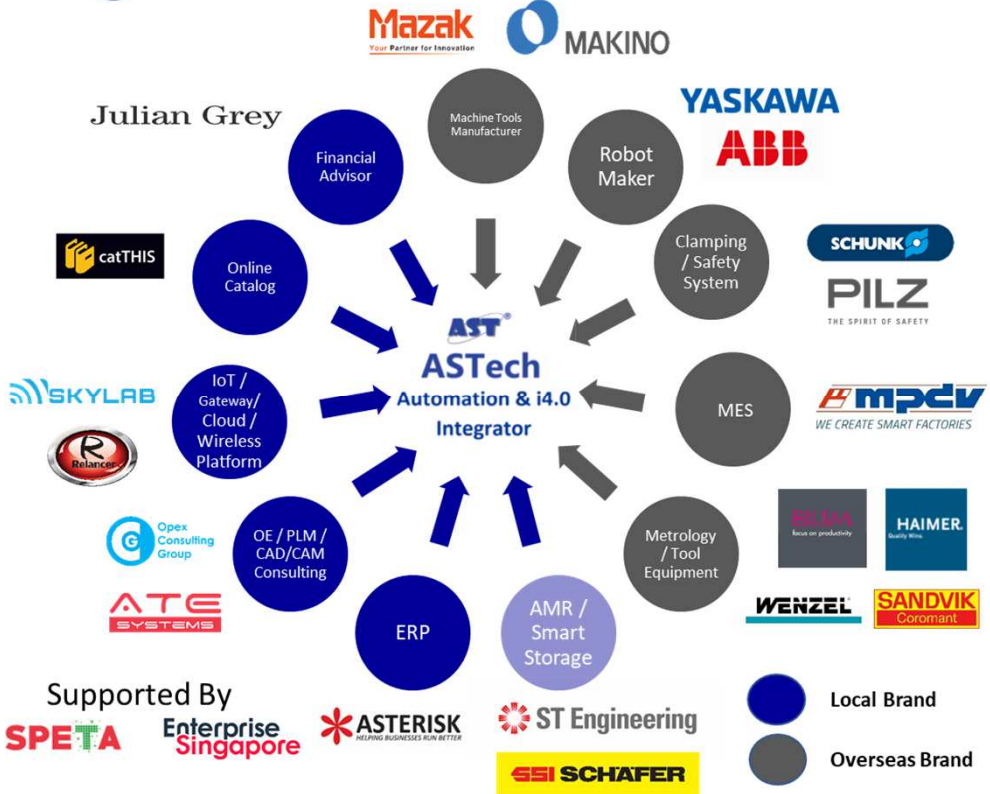

To become a World Leading Alliance for one-stop i4.0 integrated solutions in discrete metalmaking sector which encompasses hardware and software technology, best-practices and deployment

# SiTA Mission

- To create a complete ecosystem for Industrial 4.0 transformation in Precision Engineering manufacturing companies
- To promote the adoption of Industrial 4.0 to optimize manufacturing processes and increase productivity to facilitate the process of transforming conventional factory to SMART FACTORY.

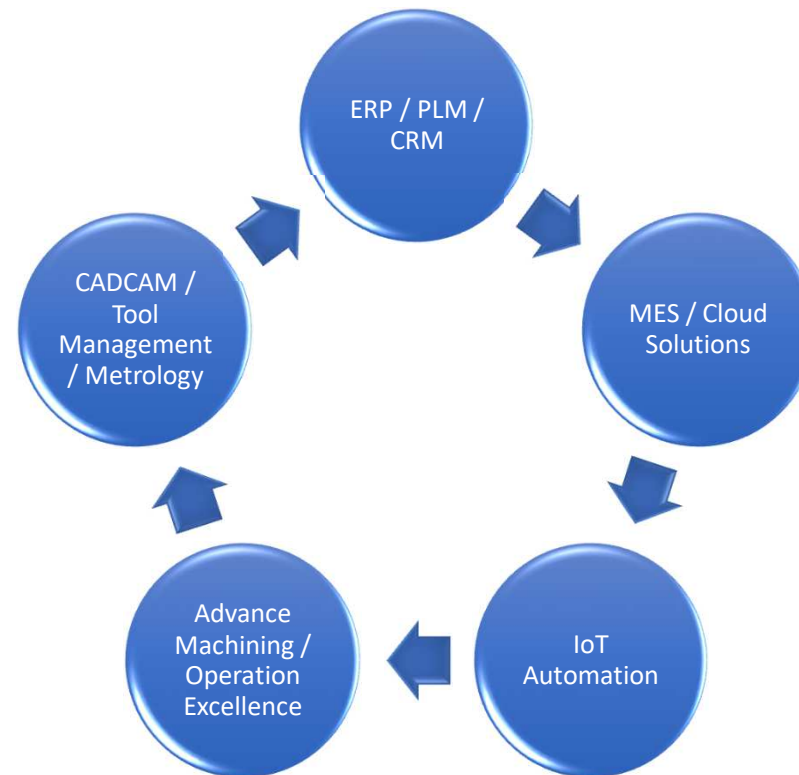

# SiTA Member Listing & Solutions

SiTA solutions range from ERP, MES, PLM, CAD/CAM, Robotic Automation, Smart Storage, AMR, Advance Machining, Safety Solution, Metrology, Tool Management, Operation Excellence, Gripping & Clamping System, Wireless Data Collection, Data Analysis to IoT Cloud Solutions as well as Financial Consulting.

# SiTA Technology Solutions

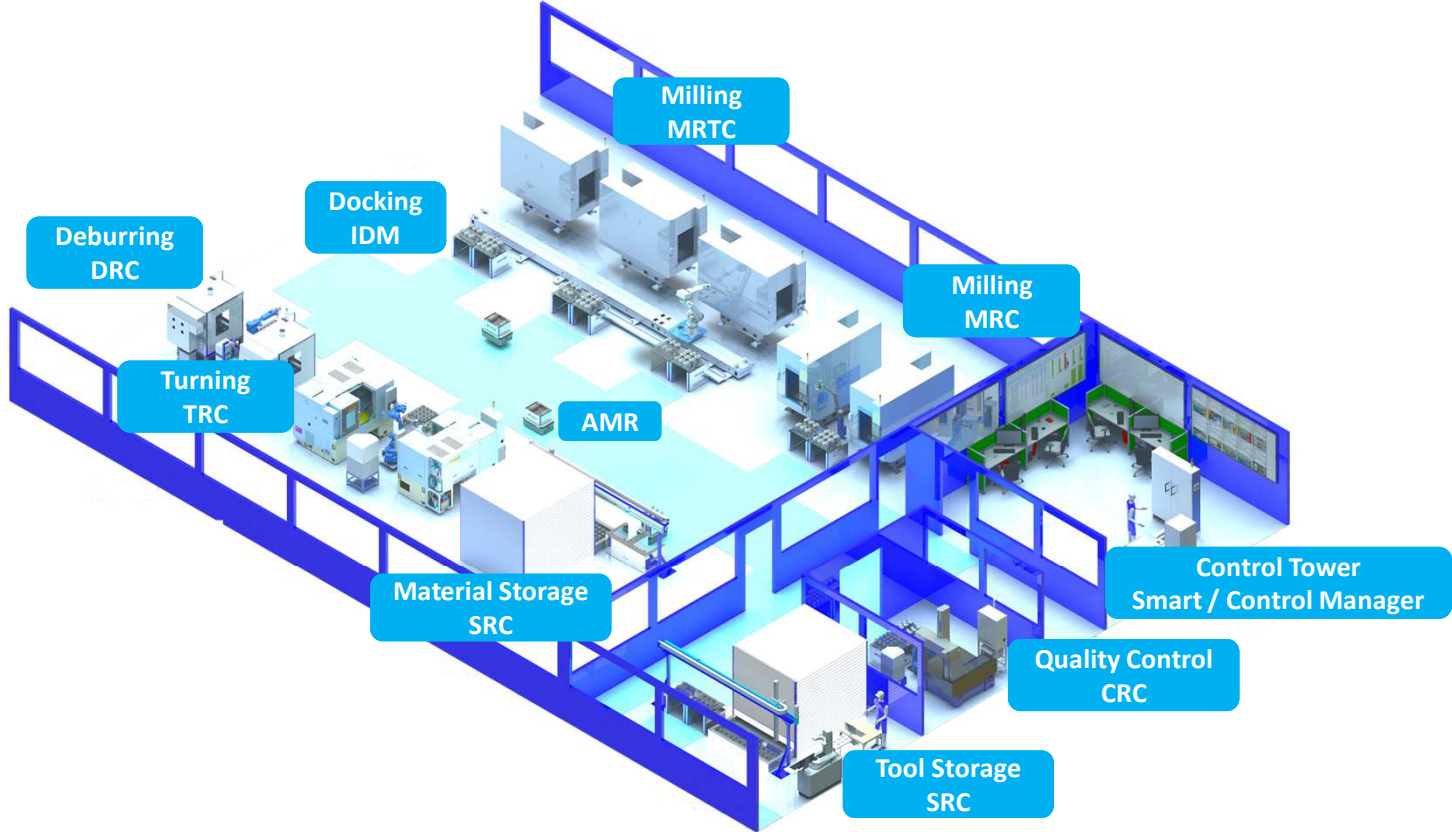

- SiTA Technology categories in 5 main key areas

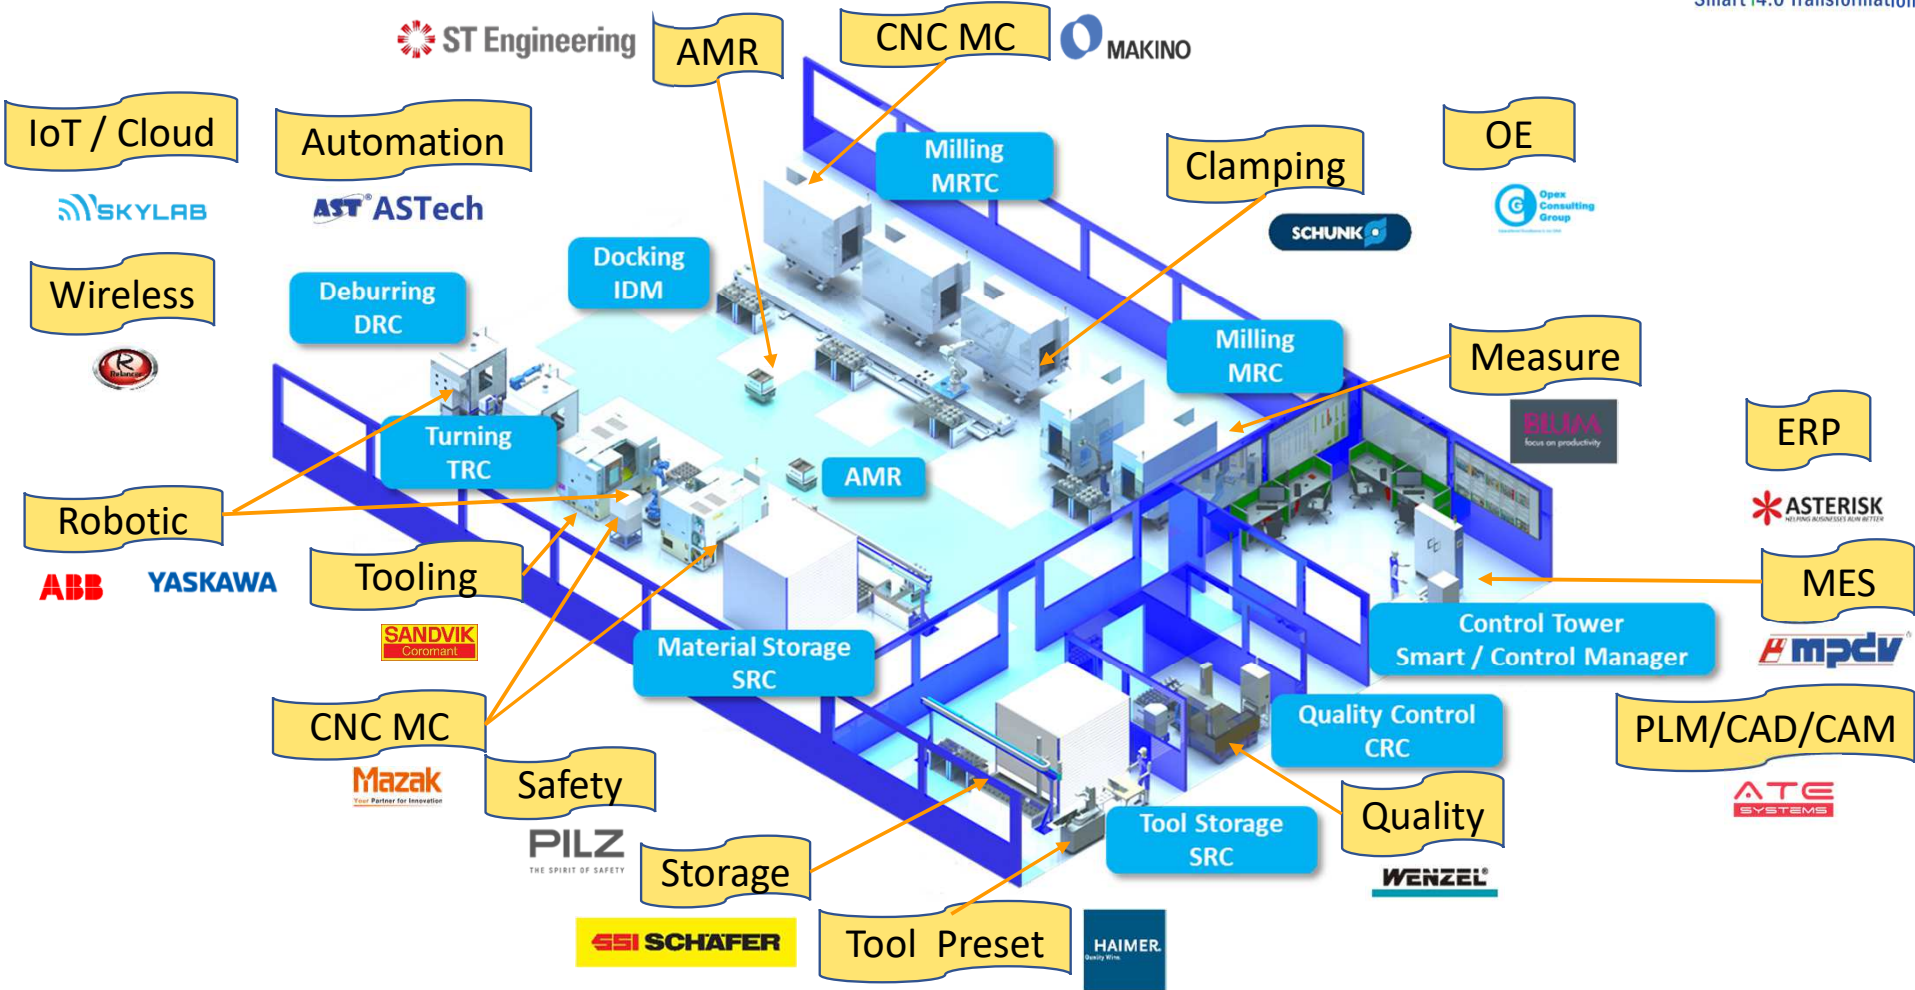

# SiTA One-stop Integrated Solution

## Basic Industry 4.0 Technologies for Smart Factory Layout in Precision Engineering Sector

# SiTA Solution in the Smart Factory

# SiTA Members
